

# Stop Frantically Searching for Lost Objects *forever*

You can *command the Universe* with three powerful words—provided you know when and how to use them!

# Hi there,

## *Never search for a lost or misplaced item again!*

If you're like most people, at some point in your life, you've misplaced some important object like your keys or wallet, an important paper or treasured object.

Then starts the frantic search! Where was the last place you saw it? Could someone have moved or taken it? Did you accidentally throw it away?

All the time you spend looking for lost objects costs you peace of mind and precious hours. And—if you can't find an object and have to replace it—you'll be out even more time, effort, and money.

I'm Elly Molina, and for over 30 years working as a psychic, intuitive, and educator, I've used the **Magic Mantra** to help hundreds of thousands of students and clients find lost objects and pets.

Two of my clients used the Magic Mantra to find their beloved dogs. In both cases, the dogs had been missing for more than two weeks. You can imagine how worried and heartsick their owners must have felt.

One client found her dog herself by using the **Magic Mantra**. The other client's dog had actually been stolen. After spending two weeks desperately searching and taking out ads, she reached out to me. Through an intuitive session and the power of the Magic Mantra, she located her dog, in a most bizarre way. She actually found her dog advertised for sale on Craigslist!

## *The Magic Mantra can help locate objects that are invisible to you.*

Often when we lose an item, it's like it just disappeared into thin air. Remember a time when you experienced this: Your keys were right there a moment ago! Now they're nowhere to be found. Where could they have gone? Could they have grown feet and walked away? At times like this, it's entirely possible that we're looking right at the thing we've lost, but we're just not seeing it.

INTUITIVE CONSULTANT

After searching more than four hours for a lost check, I started to panic.

I called Elly and she said, “You already know what to do. The check is in with your bills. Just *ordain* it and *believe* it.”

I got off the phone, and—no lie—the check was right there on top of my bills. And I’d searched that same area at least five times already! I’m still stunned.

Your *Wish*  
is its command!

## The Magic Mantra *will never disappoint.*

People who know the secret of the **Magic Mantra** know how to turn wishes into incredible manifestations.

It's more powerful than *Abracadabra*, which in Aramaic means, *I will create as I speak*.

The **Magic Mantra** gives you the power to command the Universe, like the genie of the lamp, to obey *your* command and manifest *your* wish!

# Four Steps to the *Magic* Mantra

*With three simple words, you will gain the ability to manifest abundantly at any given moment.*

1

## *Use the Magic Mantra only for good.*

You must be absolutely certain that you understand and abide by the unspoken law of Magic Mantra: Magic Mantra may only be used for good and may never be used to harm anyone or cause hurt or damage.

2

## *Trust in your power to manifest.*

You must absolutely believe in the connection with your Higher Self and the power of these Words to bring about your desired result. It will not work if you speak the Magic Mantra with one breath and declare with the next, “this isn’t going to work.”

3

## *Speak the words out loud.*

Repeat the Mantra while doing a quick search, visualizing this object magnetizing itself to you.

4

## *Let go and move on.*

Change your thoughts, let go of all concerns regarding your lost object, and go on about your business.

I used the **Magic Mantra** and three days later,  
I found my keys—at the grocery store!

### *These three powerful words...*

When spoken out loud with absolute belief and clarity of intention, give you the power to manifest all the good you are seeking.

My private clients and I begin the **Magic Mantra** with a directive to Higher Intelligence and complete it with a note of gratitude, as it's important to show appreciation for the vast powers that are working on our behalf in the unseen world.

Divine Higher Spirit of myself, *I now ordain* I instantly find **<NAME THE OBJECT YOU ARE SEEKING>**.

Thank you, by thy Grace, Amen.
