

Recycling Labels

Take care when using labels to decide if an item is recyclable and always check your local rules.

LABELS YOU CAN'T RELY ON

Recyclability depends on local rules so these labels are too general and cannot be trusted to inform you if an item is recyclable.

Variations of the Universal Recycling Symbol (Mobius Loop)

LABELS WITH DIFFERENT MEANINGS

These labels are commonly mistaken for recycling labels but have a different meanings.

Tidy man
symbol - don't
litter

Labels that refer to the presence
of recycled content

Plastic Resin
Identification codes
- type of plastic

LABELS TO LOOK FOR

Advanced recycling labels provide loads of information on how to recycle. This example is for the UK by On-Pack Recycling Label (OPRL). However, always check your local rules.
