My 3 Month Business Action Planner!

THE COACHING brought to you by: TOOLS COMPANY.COM

How to use this Planner

We've updated our holiday gift for 2022 to help you grow your business in 2023.

It's been another challenging year. For many of us, the pandemic shifted the way we live and do business. This year our finances are stretched in new ways—so it's more important than ever that we set goals—and take action towards them.

The idea behind this planner has always been to "keep it simple": consider your vision for the year, and then plan your business "in threes". This means choosing 3 key goals to focus on in 3 month (quarter year) chunks, then choosing 3 key weekly actions that lead you to those 3 month (quarterly) goals.

INSTRUCTIONS

It can be hard to plan for the long term, but if we're **clear where we want to be in a year** - and then work on a *simple* plan for our **TOP 3 GOALS in 3 month chunks**, it's much easier to succeed.

 Allow yourself around an hour of quiet time to consider the questions in this workbook that help you plan and bring your business vision into reality.

In Part 1

- We start with a review of the previous year—to celebrate and appreciate what you achieved over this last year—and how you learned and grew.
- Then you set a high level vision for your business for the year ahead.

In Part 2

- Once you have your high level vision, you can plan just the next 3 months choosing 3 Key Goals for the coming quarter year.
- NOTE: This section of the planner is reusable—and you'll complete these pages again in 3 months time for each succeeding 3 months (quarter) of the year.

And in Part 3 of this Planner

- Once you've chosen your 3 Key Goals for the first 3 months, you can now plan your upcoming month choosing just 3 Key Actions for each week to support your 3 Key Goals.
- NOTE: This section of the planner is also reusable—and you'll complete this page monthly.

I hope this free holiday gift helps you focus and grow your coaching business. *Warmly, Emma-Louise*

Set the Scene

Annual Review & Visioning

STEP 1. What did you achieve in 2022?

In this section, you'll review the past year so you can acknowledge and celebrate your successes and achievements. This is not just about financial achievements, but also things you've learned, produced—and how you have grown.

It takes as much energy to wish as it does to plan

Consider the areas listed below—and anything else you already have in mind. You can make these SMART goals if you like, however, the key here is to write down and clarify your vision and goals just *enough* so you can plan your next 3 months.

STEP 3. Set Your "Top 3" Quarterly (3 Month) Goals

What do you want to accomplish in your business over the next 3 months?

- Review your 2023 goals from PART 1, and choose your *Top 3 goals* to work with over the next quarter or 3 months.
- TIP: If you have a big annual goal, consider chunking it down and having a quarterly goal to achieve one part of it eg. Create outline/timeline for signature program or Write website homepage copy. Here are some thought-starters:
- 1. Income Goals eg. How much money do you want to earn? How many clients do you want? Will you coach any groups? What about workshops or teleseminars? What products or services will you sell?
- 2. Marketing Goals eg. What do you want people to know about you? How will you get the word out eg. updated website, networking, a free workshop to showcase you? How many new newsletter sign-ups or social media followers?
- 3. Business Development, Finances and Operations eg. What products or services will you create? What new business relationships or joint ventures will you develop? What events will you attend? How will you organize your business eg. get a loan, create a client enrolment process or pre-post Social Media to save time.
- **4. Personal Development, Learning and Lifestyle Goals eg.** What areas of your business do you need to understand more? What coaching skills would you like to grow? How will you have more life balance?

Write below how you want your business to be in 3 months' time, in the PRESENT tense. Be SPECIFIC.

Bonus: 7 Great I deas to Build Your Business!

- 1. Create a <u>Coaching Program</u> or even a <u>Signature Program</u> for your target market that meets a specific need. Then create a "poster" outlining the key highlights of your program and share it online where your idea clients might see it eg. on Social Media, as well as emailing it to your contacts and sharing it on your website too!
- 2. Start writing a regular newsletter with articles & tips that help your target market solve their problems and achieve their goals. Include a sign-up form on your website so people can receive your wisdom straight to their inboxes and be reminded of you each time! You can write your newsletter weekly, two weekly, monthly or even quarterly. Be sure to add value and let people know of any special deals for readers to work with you or buy your products.
- 3. Survey your fans. Ask them about their biggest problems and what they would love from you to help. Be sure to wrap-up your survey by thanking them for their time and asking them to sign up for your newsletter (if they haven't already). Survey Monkey is one professional survey tool you could use and it has a free plan so you can learn the ropes.
- 4. Run a free 30-60 minute online coaching workshop on a topic of interest to your ideal clients. It could be a "lunch and learn" where you work or you could offer it for employees at a company where you already know someone. It could be for your Facebook fans, for your friends and their friends, your book club, an online conference, virtual networking group or something else. Collect Feedback afterwards ensuring you ask for contact details and permission to send them your newsletter!
- 5. Create a great freebie to give away that helps your ideal client solve their problems and achieve their goals. Examples include a one-page tips sheet, coaching exercise, infographic, special report or quiz. It could be used as a gift for answering your survey, a newsletter sign-up thank-you, a giveaway at the back of the room when you run a workshop or all three!
- 6. Run an online social media challenge that will help your fans and followers get to know you and position you as an expert. Choose a topic your audience struggles with, and over the course of 5/7/30 days offer a daily video with a super simple activity that helps them overcome that struggle.
- 7. Podcasting is big business these days, and more people are listening to podcasts than ever. Starting your own podcast can be a lot of work, so why not start by being an interviewee? Many podcasters are looking for people to interview, so do your research and approach someone who has a similar ideal client to you, and suggest 3-5 topics you could talk about. Have 3-5 key points ready for each topic ensuring your information, tips and ideas are useful to the podcaster's audience.

I hope this 3 Month Business Action Planning tool helps you plan, get ready and stay focused, for the year ahead!
